PROJECTS

Crypto Insight
Tech: React.js, TailwindCSS, MUI, CoinGecko API
Responsive crypto dashboard displaying real-time market data with dual API integration for search and detailed coin info. Features modular React components and dynamic filtering.
LINK: https://crypto-insight-swart.vercel.app/

OLX Buy & Sell Platform
Tech: JavaScript (ES6), TailwindCSS, Firebase Auth, Firestore
Real-time marketplace app with secure authentication, listing management, and Firebase-backed data persistence. Designed for scalability, speed, and responsive UI.
Link: **olx-buy-and-sell-six.vercel.app**

Split the Bill
Tech: React.js, TailwindCSS, Faker.js
Interactive expense-splitting app that generates random user profiles with Faker.js, calculates shared costs among friends, and updates totals in real-time using dynamic state management.
